Hi Sarah,

Nice to meet you! Tomorrow doesn't work for our team but we can definitely set something up for next Friday, 12/11. I have copied Sal and Victor, who likely met during previous ride-alongs, for awareness. We can confirm the details in the early part of next week.

Hi Sarah,

Our NELA field staff would like to tag along on tomorrow's CARE services. Can you help me arrange this? I'd like to know the CARE team for future reference as well as the LAHSA portion of the CARE+ teams in our district. If you could connect me with these folks it would be very helpful.

Best,
Sarah
